INTERESTS

Self-taught musician: piano, guitar, flutes, harmonica; reads sheet music.

Georges Alain Gracien **CABO**

Senior IT Auditor

Information systems audit · Internal control · Access management

PROFILE

Telecom and network engineer turned IT auditor, with three years of experience at EY Senegal, now Eritedge Senegal. I cover the IT side of statutory audits (ITGC, application controls, access reviews, data analytics) for banks, telecom operators, e-money issuers, port authorities and industrial companies in Senegal, West Africa (Guinea, Côte d'Ivoire) and East Africa (Djibouti).

PROFESSIONAL EXPERIENCE

Senior Auditor — Jul 2026 – present

Eritedge Senegal (formerly EY) · Dakar

- Assess the design and operating effectiveness of internal control (test of design, test of effectiveness) for statutory audits.
- Review IT general controls and application controls across finance, procurement, sales and inventory cycles.
- Access reviews: account life cycle, least privilege, orphaned or excessive accounts, privileged accounts, SoD matrices.
- Data analytics with ACL and SQL (Oracle, SQL Server). Sectors: commercial and central banks, telecoms, e-money, ports, oil and industry.

Assistant Auditor — May – Jul 2026

Eritedge Senegal (formerly EY) · Dakar

- IT audit engagements in banking, telecoms and e-money.

Assistant, IT audit — Jul 2024 – Apr 2026

EY · Dakar

- IT audit for statutory audit engagements: ITGC, application controls, access reviews and data analytics.
- Prepared working papers and reported findings to the financial audit teams.

Staff, IT audit (internship) — Oct 2023 – Sep 2024

EY · Dakar

- Control testing, access reviews and working paper preparation.

VoIP Lead — Sep 2022 – Feb 2023

INTERSIP International · Dakar

- Deployed a telephony server and an interactive voice response (IVR) system; security and monitoring (VPN, firewall, ELK, Zabbix).

Earlier experience

2022	Engineering internship, INTERSIP International: Asterisk interactive voice server for rural training.
2018 – 2019	INFOCONSUL: technician internship (unified 3CX service) and network cabling assignment.

EDUCATION

Engineering degree, telecommunications and networks — 2019 – 2022

École supérieure polytechnique (UCAD), Dakar

Higher technology diploma (DST), telecoms and networks — 2017 – 2019

École supérieure polytechnique (UCAD), Dakar
